

6 TIPS FOR HOME & NEIGHBORHOOD SAFETY:

Protect yourself, your belongings, and your peace of mind

- 1. Secure your Property:** Keep all car doors locked, never leave valuables in plain sight, and keep windows and garages closed and locked.

- 2. Log Serial Numbers:** Make a list of all serial numbers on firearms and electronics. Keep it in a safe place where you can provide it in the event it is stolen.

- 3. Secure Firearms:** Do not leave firearms in vehicles. If you must, have a locking device installed. Firearms stolen out of vehicles makes public safety more difficult. Report stolen firearms immediately.

- 4. Lock your Doors:** It's best practice to lock your doors and remind roommates who may not have the same practice. Even if you are going to the pool, secure your property and lock your doors.

- 5. Party Responsibly:** Parties can easily become large, unmanaged, and may lead to stolen items. Keep invites off social media, secure any belongings from common areas, and lock un-involved rooms.

- 6. Report Issues to Management:** Management can help control issues before they become a problem. They have tools at their disposal and can assist law enforcement depending on the scope of the issue.

Your safety starts with smart habits. Let's secure it—together.

Always report suspicious activity. If you see something, say something. In an emergency, always dial 911. Delays in reporting can delay or prevent the location of a suspect.

Non-Emergency (512) 753-2108

PERSONAL SAFETY ON THE GO

Make smart decisions when out and about

3 QUICK SAFETY TIPS:

1. Scan your surroundings

Take 10 seconds to look around when arriving at a new location to spot potential hazards.

2. Limit distractions

Avoid texting or wearing loud headphones when walking in parking lots or crossing streets.

3. Travel in groups

Walk with friends or stick to well-traveled, well-lit paths instead of alleys or secluded areas. Keep your phone charged and update someone on ETAs and plan changes.

Stay Dilligent, Stay Aware, Stay Safe

Always report suspicious activity. If you see something, say something. In an emergency, always dial 911. Delays in reporting can delay or prevent the location of a suspect.
