Interamerican Studies

In Texas and throughout the United States, demand for graduates with knowledge of international business, cultural and area studies, and language skills continues to increase. The growing movement toward intercontinental and international trade blocs, such as NAFTA and the European Union, has created a need for persons who are not only skilled in business and communications technology, but also cultural understanding and international business practices. The Bachelor of Arts in International Studies (B.A.I.S.) degree offered by the Center addresses this need and prepares students for work in multinational corporations, state and federal governmental agencies with international divisions, and nonprofit corporations.

In addition to its academic programs, the Center gives its students several opportunities to develop global awareness and intercultural sensitivity during their undergraduate years including internships and study abroad.

Academic Advising. The Center employs an academic advisor to help students with selecting appropriate courses. The advisor also provides information on graduate study, internships, and career opportunities. The Center works closely with the Office of Career Services to prepare students for internationally-focused careers in various fields, and with the College of Liberal Arts Advising Center to ensure our students' timely graduation.

Admission and Graduation Requirements

All majors in International Studies are required to have sophomore standing and a 3.00 Texas State GPA to officially declare the major. In addition, for graduation, all majors are required to maintain a TxSt GPA of 3.00, a major GPA of 3.00, complete the Texas State general education core curriculum (including the additional College of Liberal Arts requirements), the International Studies Core, and the International Studies major courses. Students are not required to complete a minor. Students must meet all course prerequisites. Please see the University College, College of Liberal Arts, and Degrees and Programs sections of this catalog for specific information on the general education core curriculum, and College of Liberal Arts.

For the BAIS/MBA, each student is required to take the Graduate Management Admission Test (GMAT) and apply for admission to the Texas State Graduate College and be accepted into the McCoy College of Business Administration MBA program before taking graduate courses.

The official results of the GMAT must be on file in the Graduate College before your application for admissions will be considered. Please refer to the Texas State graduate catalog for additional information.

MINORS OFFERED

Diversity Studies

Women's Studies

The Center for Multicultural and Gender Studies (MCGS) in the College of Liberal Arts administers both the Diversity Studies minor at the undergraduate level and the Women's Studies minor at the graduate and undergraduate levels. MCGS helps prepare students to work and live in a pluralistic society through curricular and co-curricular activities — symposia, workshops, exhibits, theater productions, diversity reading discussions, and research projects. In addition, it assists faculty with resources and professional development activities to encourage the infusion of multiculturalism in the curriculum through a Multicultural Curriculum Transformation and Research Institute. It houses a resource area with more than 300 books, articles, syllabi and tapes. The Center sponsors a Women and Gender Research Collaborative with its own online professional peer reviewed Journal of Research on Women and Gender. Through private donations, Multicultural and Gender Studies offers annual scholarships to students. The director of MCGS works in collaboration with an advisory council of faculty and staff representing several Texas State colleges and departments.

Key issues for prospective minors to consider:

- Tomorrow's graduates will be entering a work force dominated by technological, service, and communication industries with an increasingly diverse workplace and clientele.
- Employer demand is increasing for diversity knowledge and skills among today's college students.
- In 2005, the Hispanic and African American population in Texas grew to approximately 51%--or the majority in the state. Texas already has the second largest Hispanic population, the third largest African American population, and the fourth largest Asian population.
- Well-rounded graduates have included in their liberal arts education a greater-knowledge of their cultural history and traditions.

Although not required, the minor currently offers students the option of a concentration in African American, Native American or Latino American Studies. Students may also
