Introduction

I am an anthropological archaeologist with 30+ years of archaeological experience in 25 states and the Caribbean and 25 years of experience applying geographic information systems (GIS) to anthropological questions. Currently, I am the Director of the Center for Archaeological Studies (CAS) at Texas State University. As CAS Director, I have been awarded and managed over \$11,000,000 in grants and contracts. Over the past 20 years I have been principal investigator/project manager on over \$20,000,000 in contracts in federal, state, and local governments and private companies and \$500,000 in grants from federal, state, and private foundations. My current research interests include the pre-contact archaeology of Spring Lake in San Marcos, Texas, the study of African American potteries in Texas and the South, and the study of the African Diaspora in the South and Caribbean.

Professional Experience

Center for Archaeological Studies, Texas State University, San Marcos, Texas, Director (Jan. 2014 to present). I serve as the Director of the university's cultural resources management contract and research center. My primary duty is to acquire grants and contracts to provide experience to students and recent grads in cultural resource management tasks. Additionally, I mentor student employees, interns, and volunteers in archaeological field and laboratory methods.

Historical Research Associates, Inc., Missoula, Montana, CRM Division Manager/GIS Manager (Jan. 2013 to Dec. 2013), Associate Archaeologist/Missoula Office Manager (Jan. 2007 to Dec. 2012), Project Archaeologist (Aug. 2005-Dec. 2006). I was the cultural resource management division manager for HRA's four offices. My primary duties included overseeing project and corporate budgets and supervising 24 staff in four offices. My other duties involved preparing technical and cost proposals, business development, and overseeing field and lab work. We regularly conducted investigations in Montana, Washington, Oregon, Idaho, North Dakota,

Colorado, Nevada, Texas, and the Caribbean at prehistoric and historic sites. I also managed the GIS division and cartographic products for HRA.

Archaeological Research Laboratory, Department of Anthropology, University of Tennessee, Southeastern Archaeologist. (Sep. 2003 to Aug. 2004) I managed the day-to-day cultural resource management activities including preparing technical and cost proposals, overseeing field and lab work, and supervising staff up to 30 people. Also co-managed the GIS for the group.

The Louis Berger Group, Inc., Richmond, Virginia, Senior Archaeologist. (Sep. 2000-Aug. 2003)

As field director and project manager, I planned and managed archaeological surveys, evaluations, and excavation research projects involving historic and prehistoric resources in the Middle Atlantic and Southeastern United States, prepared technical and cost proposals, and prepared technical reports with National Register of Historic Places recommendations.

Tennessee Valley Authority/Adecco TAD Technical Services, Norris, Tennessee, Contract Archaeologist. (Aug. 1999 to Aug. 2000) In this position I served as an Agency archaeologist preparing National Historic Preservation Act Section 106 consultation and NEPA documents; reviewing permit applications; reviewing submitted compliance reports; and conducting small scale reconnaissance surveys.

University of Tennessee, Department of Anthropology, Knoxville, Tennessee, Project/Filed Director. (Oct. 1993 to May 2000) During my graduate studies I served as a field director doing contract archaeology. My duties included directing survey, evaluation, and excavation projects in Tennessee, which involved preparing and implementing research designs; analysis of historic and prehistoric artifacts; and preparing technical reports. I was also responsible for maintaining databases concerning site information and artifact inventories and developing Geographic Information System databases of site locations and survey coverage areas using Arc/View computer program.

University of Tennessee, Department of Anthropology, Knoxville, Tennessee, Co-Project Director. Charles Fort Archaeological and Historical Project, St. Kitts, West Indies. As a graduate student I aided in supervising field school students conducting archaeological excavations and architectural assessment of 17th to 20th century structures; in-depth mapping of fortress using a total station and preparing computerized maps in GIS format; and analysis of 17th to 20th century artifacts.

University of Tennessee, Department of Anthropology, Knoxville, Tennessee, Assistant Project Director, Brimstone Hill Archaeological Project, Brimstone Hill Fortress National Park, St. Kitts, West Indies. As a graduate assistant I was responsible for supervising field school students (university and high school level) conducting excavations at the Brimstone Hill Fortress National Park; analysis of 17th to 19th century artifacts; creation and maintenance of computerized artifact inventory databases; and preparing technical reports, presented papers, and publications.
